

Unauthorised Fees on *EFTPoS Cash-Back Transactions*

BSP Financial Group Limited (BSP) reminds all Business Operators using BSP EFTPoS terminals and the general public that charging extra fees for cash-back transactions is not allowed.

We have received complaints that some shops are adding unauthorised charges when customers request cash back. This is a breach of the BSP Merchant Agreement and will not be tolerated.

Important Points:

- BSP does not charge any fees to customers or shops for cash-back transactions.
- Shops are not permitted to add surcharges, service fees, or any additional cost to customers requesting cash back.
- Businesses found doing this may be investigated and face suspension or termination of their EFTPoS facility.
